# Where Infrastructure Meets Innovation

At HealSpace Infra, we focus on quality, safety, and timely execution. Our goal is to build healthcare spaces that support better care, smooth operations, and long-term growth.

## Company Values

### Quality

We deliver reliable, standard-compliant healthcare infrastructure.

### Innovation

Smart, modern solutions designed for better hospital performance.

### Timely Delivery

Structured planning ensures every project is completed on time.

### Transparency

Clear communication and honest processes at every stage.

## Why Choose Us

**Healthcare Expertise:** Specialized in hospital interiors, modular OT, ICU, MEP systems & hospitals furniture .

**End-to-End Solutions:** Complete execution—from design to installation and final setup.

**Quality Assurance:** Work aligned with medical standards for safe and efficient spaces.

**On-Time Delivery:** Well-planned execution ensures timely project completion.

**Transparent Process:** Clear communication, honest costing, and smooth coordination throughout.

## SHAPING SMARTER MEDICAL SPACES

## DREAMLIGHT HOSPITAL, BAIHATA

HealSpace Infra is proud to deliver the complete MEP execution for Dreamlight Hospital, a modern multi-specialty healthcare facility designed for high-quality patient care and operational efficiency.

### Project Highlights

**Project Type:** Healthcare Building

**Status:** Completed

**Built-up Area:** 30,000 sq.ft

**Structure:** G+3

**Project Cost:** ₹9 Cr

**Completion Timeline:** 2 Years

**Scope of Work:** Full MEP Execution

### Our Contributions

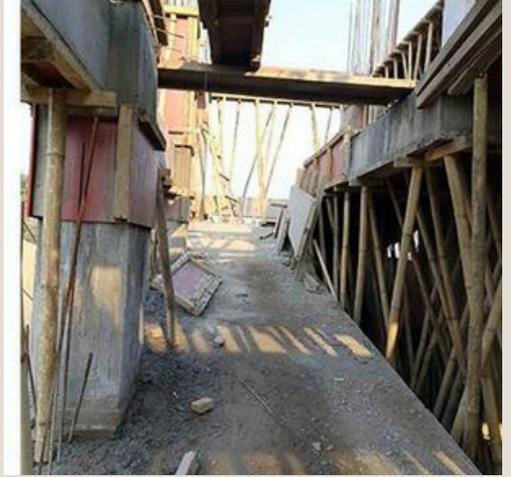

- Reliable power distribution & electrical panels
- HVAC systems designed for patient comfort & infection control
- Medical gas pipelines installed to hospital-grade standards
- Plumbing networks engineered for hygiene and safety
- Seamless coordination across all departments

## SURAKSHA HOSPITAL & RESEARCH CENTRE, NAGAON

HealSpace Infra is leading the complete development of Suraksha Hospital & Research Centre, a state-of-the-art healthcare facility designed to strengthen medical infrastructure in Nagaon. This ongoing project reflects our commitment to engineering excellence, structural precision, and future-ready healthcare environments.

### Project Highlights

**Project Type:** Healthcare Building

**Status:** Ongoing

**Built-up Area:** 60,000 sq.ft

**Structure:** B+G+5

**Project Cost:** ₹19.2 Cr

**Completion Timeline:** 2 Years

**Scope of Work:** Architectural, Civil & MEP

### Our Contributions

#### Architectural Works

Modern, patient-centric design with optimized clinical layouts.

#### Civil Works

Strong structural framework with quality-controlled construction.

#### MEP Works

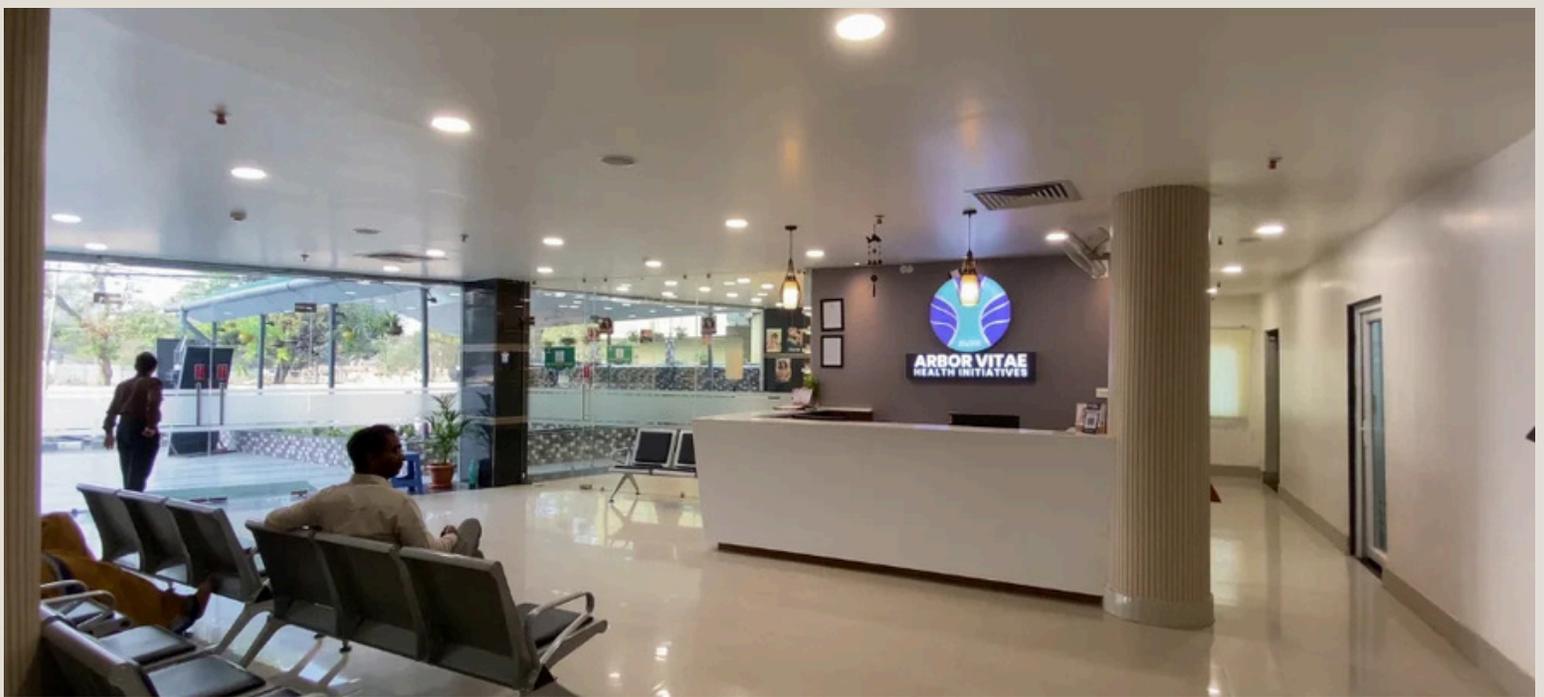

Advanced electrical, HVAC, plumbing, and medical gas systems built to healthcare standards.

[healspaceinfra22@gmail.com](mailto:healspaceinfra22@gmail.com)

## ARBOR VITAE HEALTH INITIATIVES, GUWAHATI

HealSpace Infra delivered a complete upgrade for Arbor Vitae Health Initiatives, transforming the brownfield diagnostic centre into a modern, patient-friendly facility. The project highlights our expertise in converting existing spaces into efficient, high-performance healthcare environments.

### Project Highlights

**Project Type:** Diagnostic Centre (Brownfield)

**Status:** Completed

**Built-up Area:** 13,500 sq.ft

**Structure:** G+2

**Project Cost:** ₹4.32 Cr

**Completion Timeline:** 8 Months

**Scope of Work:** MEPF, Interior, Modular OT

### Our Contributions

#### MEPF Works:

Efficient electrical systems, HVAC for comfort and infection control, and complete fire-fighting, plumbing, and medical gas installations.

#### Interior Design:

Modern reception and waiting areas, ergonomic furniture planning, and a clean, patient-focused environment.

#### Modular OT:

High-sterility OT with seamless panels, controlled airflow, advanced lighting, and precise installation for surgical safety.

## ARUNA MEMORIAL DIAGNOSTIC CENTRE, GUWAHATI

HealSpace Infra upgraded Aruna Memorial Diagnostic Centre into a modern, patient-centric brownfield facility with refreshed interiors, efficient layouts, and enhanced diagnostic spaces.

### Project Highlights

**Project Type:** Hospital (Brownfield)  
**Status:** Completed  
**Built-up Area:** 2,100 sq.ft  
**Structure:** G+3  
**Project Cost:** ₹67.20 Lakhs  
**Completion Timeline:** 1 Year  
**Scope of Work:** MEPF, Interior & Modular OT

### Our Contributions

#### MEPF Works:

Efficient electrical, HVAC, plumbing, fire-fighting, and medical gas systems.

#### Interior Design:

Modern reception and waiting areas with functional, hygienic interiors.

#### Modular OT:

High-sterility OT with seamless panels and controlled airflow for safe clinical performance.

## MEDICITY GUWAHATI ADITYA, GUWAHATI

HealSpace Infra successfully delivered the complete MEPF and interior upgrade for Medicity Guwahati Aditya, transforming the brownfield facility into a modern, efficient, and patient-centric healthcare environment.

### Project Highlights

**Project Type:** Hospital (Brownfield)

**Project Status:** Completed

**Built-up Area:** 12,000 sq. ft

**Storey:** G+1

**Project Cost:** ₹3,84,00,000

**Completion Timeline:** 6 Months

**Scope of Work:** MEPF & Interior

### Our Contributions

#### MEPF Works

Efficient electrical systems, HVAC installation, plumbing, fire-fighting setups, and medical gas pipeline execution.

#### Interior Execution

Modern, functional, and hygienic interiors designed for patient comfort and clinical efficiency.

#### Facility Upgrade

Integrated new systems into an existing structure with seamless retrofitting and improved performance.

## ICU Bed

Model No.  
HSI-G101A

- Advance linear actuator system with 04 motors
- 01 control box
- 01 handset
- Nurse control system (ACP)
- Four individual ABS moulded side rails
- Head and foot panels with locking
- Framework made of rectangular MS tube
- 4-section top made of oval perforated CRCA MS sheet
- Bed mounted on 5 inch diameter castors
- Urine bag holder
- Stainless steel telescopic IV rod with 4 locations
- Overall approximate size: 2090L x 910W x 460-700H mm
- Finish: Pretreated and epoxy powder coated
- Plastic base cover for base frame

### Positions obtained by hand remote

- Hi-Low
- Backrest elevation
- Trendelenburg and reverse Trendelenburg
- Knee rest elevation

### Functions available on nurse control system (ACP)

- Hi-Low
- Knee rest elevation
- Backrest elevation
- Trendelenburg and reverse Trendelenburg

### Optional

- 4-section mattress
- Manual CPR for backrest
- X-ray translucent backrest
- Removable ABS platform
